March 27, 2008

Dear Peric,

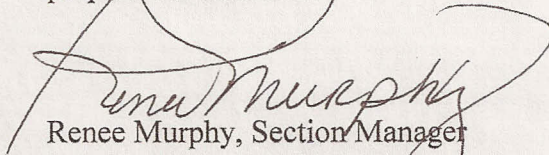

The Utah Division of Homeland Security serves as the Emergency Services organization for the State of Utah. We are committed to provide training, resources and services through the Be Ready Utah campaign by partnering with community leaders such as Sector 10.

We salute Sector 10 whose product innovation and service to the community supports the preparedness message to prepare for any type of emergency that could place life, safety and economic stability at risk.

We thank you for your leadership as a member of the Division of Homeland Security's Private Sector Homeland Security Coordinating Council and your support as a major sponsor of the Ready Your Business program.

Your assistance in developing training modules to encourage business owners and operators to provide safety equipment and supplies for their employees is another example of how Sector 10's commitment continues to lead the business community.

Thank you again for your support of the Be Ready Utah campaign to better prepare our citizens.

Renee Murphy, Section Manager
Private Sector & Infrastructure
Division of Homeland Security
