## Announcement outlines 36 Month custom deployment contract with potential revenues reaching \$30 Million dollars

BELLEVUE, Wash., July 8 /PRNewswire-FirstCall/ -- Sector 10, Inc. (OTC Bulletin Board: SECT; Frankfurt: '4SR') announced today that it has reached a truly major milestone schedule to start this month with Syptec Internet Services LLC (Bluffdale, UT) and Titan Alarm LLC (Phoenix, AZ). The deployment is being largely based on private digital alarm technology. The agreement is outlined as a 36 Month deployment and is set to scale as large as 50-53,000 concurrent dial factors. The technology being leveraged C/O of Sector 10 is the S10-Connex SIP stack developed by Syptec and is a very customized platform, an available technology that is being touted to utilize technology from Sun Microsystems -- Sun Grid Engine (<http://gridengine.sunsource.net/>) and the my SQL HPC database engine -- <http://www.mysql.com/why-mysql/service-providers/>. Sector 10 technology will also be complemented and deployed in a unique and second-generation server cluster power again on 40 of Sun Microsystems' Premium Servers.

Sector 10 is a first in Industry to leverage an entire family line from Sun Microsystems including a custom load of Linux and a custom SIP stack developed in the free BSD and Solaris environments. Sector 10 will pave the direction for Alarm companies seeking to integrate VoIP, DTMF and central station packages with the direct care from Titan Alarm said Syptec's C.T.O and Technologist C.B 'Noah' Case.

This initial agreement represents another milestone for Sector 10, Inc. towards becoming a premier provider of emergency response single point solution in the country. The program furthers Sector 10's pre-deployment strategies and also starts to affirm the S10 Network in the marketplace as an integrated resource access point.

Although it will take several months to implement this new technology, Sector 10, Inc. expects the agreement to generate close to \$5 Million by the end of the first year and closer to \$16 Million in annual revenues by the end of 36 months or \$1.5 Million per month.

Sector 10 is leading a paradigm shift in emergency response systems with its pre-deployed emergency systems that include vital life safety resources and interactive communications capabilities.
